- collaborating researcher at the Laboratory of Social and Cultural Anthropology of the University of Liège (Belgium) and at the Laboratory Architecture, Subjectivity and Culture of the Universidade Federal do Rio de Janeiro

Geoffroy Mele, **testimony**

- Master in business creation and trainer of ILO's SIYB (Start and Improve Your Business)
- Director of a business development center in Southern Benin (GEL-SB)

Food and economic security

Access to
healthcare

Healthcare

Civic and solidarity education

QUESTION

How can **the environment be better taken into account** in the framework of Louvain Coopération's **Food and Economic Security Programme (FES)** and, in particular, in supporting the producers involved?

ANSWER

Mobilising a **large community** (multidisciplinary and interdisciplinary), **connecting knowledge and experiences**, and promoting **spaces for participation**, dialogue, exchange and creativity to think and create environmental integration:

- based on a **pragmatic and systemic methodology**;
- composed of **two complementary tools**.

Langues: FR, GB, ESP (mais aussi khmer, malgache et kirundi en cours)

Structural (intuitive) analysis : program <-> environment

- Productive sectors
- 4 steps (ideally) through PCM:
 - Step 1 : Environmental diagnostic (identification)
 - Step 2 : Environmental check-up (formulation)
 - Step 3 : Environmental monitoring (implementation)
 - Step 4 : Environmental memory (evaluation)

ENVIRONMENTAL INTEGRATION TOOL PROGRAMME

1. Environmental context

5. Capacidades de gestión medioambiental y de adaptación a los problemas medioambientales

2. Coherencia medioambiental

3. Environment impact on the program

4. Program impact on the environment

- Structural analysis : productive activity <-> environment
 - Step 1 : environmental diagnosis = semi-structured questionnaire:
 - Theme 1 : The effects of the environment on the producer's activity
 - Theme 2 : The effects of the producer's activity on the environment
 - Theme 3 : The producer's willingness to commit for the environment
 - Theme 4 : His/her capacities and needs to commit
 - Step 2 : Adoption of commitments (self-determined)
 - Step 3 : Realisation of commitments

HISTORY

- 2011-2012 : 1st version
- 2014-2015 : 2d version of the EIT (structured through PCM
+ methodology + En/Fr/Sp)

- KLIMOS (Climate and development cooperation)

HISTORIA

- 2011-2012 : 1st version
- 2014-2015 : 2d version of the EIT (structured through PCM + methodology + En/Fr/Sp)
- 2016-2017 :
 - 3d version of the EIT (at program level-macro)
 - 1st version of the EIT at producer level (micro)
 - Field experimentation
 - Support of 2 Junior Assistants BTC (ENABEL)
 - 1 workshop Benin

HISTORIA

- 2011-2012 : 1st version
- 2014-2015 : 2d version of the EIT (structured through PCM + methodology + En/Fr/Sp)
- 2016-2017 :
 - 3d version of the EIT (at program level-macro)
 - 1st version of the EIT at producer level (micro)
- 2018: ajustes + Licencia Creativa Común
 - Retours d'expérimentation LC + autres
 - Une trentaine d'évènements de diffusion

HISTORIA

- 2011-2012 : 1st version
- 2014-2015 : 2^d version of the EIT (structured through PCM + methodology + En/Fr/Sp)
- 2016-2017 :
 - 3^d version of the EIT (at program level-macro)
 - 1st version of the EIT at producer level (micro)
- 2018: adjustments + Common Creative Licence
- 2019 : adjustments + inclusive writing
 - 5th version EIT-Program
 - 3^d version EIT-Producer

IMPACTO SECTOR COOPERACIÓN BELGA

DGD (Directorate-General for Development Cooperation)

ARES (Research and Higher Education Academy) et VLIR (Flemish Inter-University Council)

KLIMOS (Climate and development cooperation)

ACODEV (French and German-speaking Federation of Development Cooperation Associations)

EDUCAID: Methodology sheet (How to better integrate environmental and climate issues into education and training programmes?)

<https://www.educaid.be/nl/documenten/methodological-sheet-environment>

PERSPECTIVES

Ongoing academic valorisation :

- collective publication « Inclusion for transformation » (network F3E)
- International Conference on Environmental Psychology (Italy, 5 to 8 October 2021)

Next steps :

- digitisation EIT/Producer
- EIT Approach as research subject (UCLouvain)

Potential investigations :

- relevance and cohesion at territorial level
- mobilising power
- pro-environmental commitments (behavioural changes)
- strengthening local actors for political action
- etc...
